I'm thrilled with hair, styled in Southend but has no to worry about parking.

My hair stylist is very professional and I love the hair color that we picked at the salon. My hair feels so smooth and silky and I love how it feels. Would definitely recommend Andrew for hair color and hair treatment. He is taking his time and knowledge to provide you the best results.

Michael is amazing, he really is honest and guided me. He is pretty flat and straight and with a trim!
